

Love God

Matt. 22:36-39, 21:28-32, Jn. 14:15

Love is not JUST an emotion.

Love has been defined as "unconditional _____"

Your love toward God is your commitment to be and to do the things that please Him no matter what which is founded and grows from understanding His love for you.

Love is best expressed by what you _____

The best you possible would be the "you" that is and does what God desires.

By what measure would you judge your love for God? The answer is that we _____ what God _____ to do

KNEES AND FEET (Prayer and Action): *Ask the Holy Spirit to guide you to a change of mind and action.*

How are you doing with the first and greatest command? It may be both encouraging and informative to make a list of the things that you regularly do. Then prayerfully consider WHY you do them? Are you motivated by "unconditional partiality"? And ask God if there are other things He desires of you, habits to break, sins to confess, etc., new ways you can express love for Him.
