

Praying for Our Families

Deuteronomy 6:4-9; Ephesians 3:14-19

Prayer is moved by love/ compassion for others

It is in our families that we have a primary responsibility to pass along our _____ and _____ in God

Remind yourself and your family that you have but one God revealed to us in His Son Jesus and dwelling in us as His Holy Spirit. Love Him with everything you've got!

God wants to use _____ to _____ for the families of your church and community

Prayer is an outgrowth of your love for God and compassion for people

KNEES AND FEET (Prayer and Action): Ask the Holy Spirit to guide you to a change of mind and action.

"I don't know where to start. I don't know how to begin." I've been there before. And I have found that the best thing to do is pray and ask God what to do. Usually, the answer is, "set yourself aside and go express MY compassion that is in you to someone."

Who does God want you to give this Mother's Day gift of prayer to? What things can you do to begin this pattern of prayer in your life?
