

What Could Possibly Go Wrong?

Hebrews 13:5-6

"I will never leave you or abandon you."

This is God saying to you, "_____." No matter what happens, I will always be _____ you to bring you _____ it.

The crux of the issue is whether you believe what the Bible tells you about God

As you gaze into the unknown of 2023, remember, God is with you to help you –

don't be _____ – trust Him!

Homework: read Job chapters 1-2 to see "what can man do to me." Then read chapters 38-42 to see God's answers to Job's distress

A GOOD AFTERTASTE: *Ruminates on God's Word this week and meditates on what the Holy Spirit says to you using the following thought-provokers.*

Take a moment to review 2022. List out the good things that you experienced. List out the hard times as well. Was there a time God was not with you? *(Extend that list back as far as you'd like to go – same questions – same answers)*

With that review, what can you expect from God in 2023? How do you think that knowledge should affect your attitude and actions?
