KNEES AND FEET (Prayer and Action): Ask the Holy Spirit to guide you to a change of mind and action.

Are there things happening in your life that have so filled your vision that you struggle to see the reality of Christ in you; His life lived in and through you? How could focusing on Jesus as the source of Hope, Holiness, Reverence, and Love change that outlook?

Theology directs ethics. What does how you live daily say about what you believe about God? Examine what you believe about God to see how it aligns with how you live your life. Talk to God about any discrepancies.
